

TEMPERATURE MANAGEMENT

Temperature Sensor UETF-NTC10-RT-SV-2M

Technical Data

Sensor: NTC10k

Measurement range temp.: -20 up to +105°C

Measurement current: ~1 mA

Leakage resistance: at 20°C and 500V DC, typ. 100 MOhm

Cable: PVC cable (2 x 0,14 mm²) with core cable ends

Cable length: Standard 2 m

Circuit type: 2-wire connection

Dimensions: L 15 x B 8 x H 8mm, borehole Ø 6mm

Protection type: IP54

Storage temperature: -30 up to +50°C

Order information

Part no.: 9427

Description: UETF-NTC10-RT-SV-2M

Specifications subject to change without notice. Dimensions in millimeters. date: 09/2017
