

Temperature Sensor UETF-PT100-147

Technical Data

Sensor: Pt100

Thinfilm sensor,
PTFC-101AG02
Class A, AuNi wire, width 2mm
length 2,3mm on ceramic plate

Measurement range temp.: -50 up to +250°C

Cable: connection wires AWG28, teflon insulated,
Tmax. 200°C, length 195mm

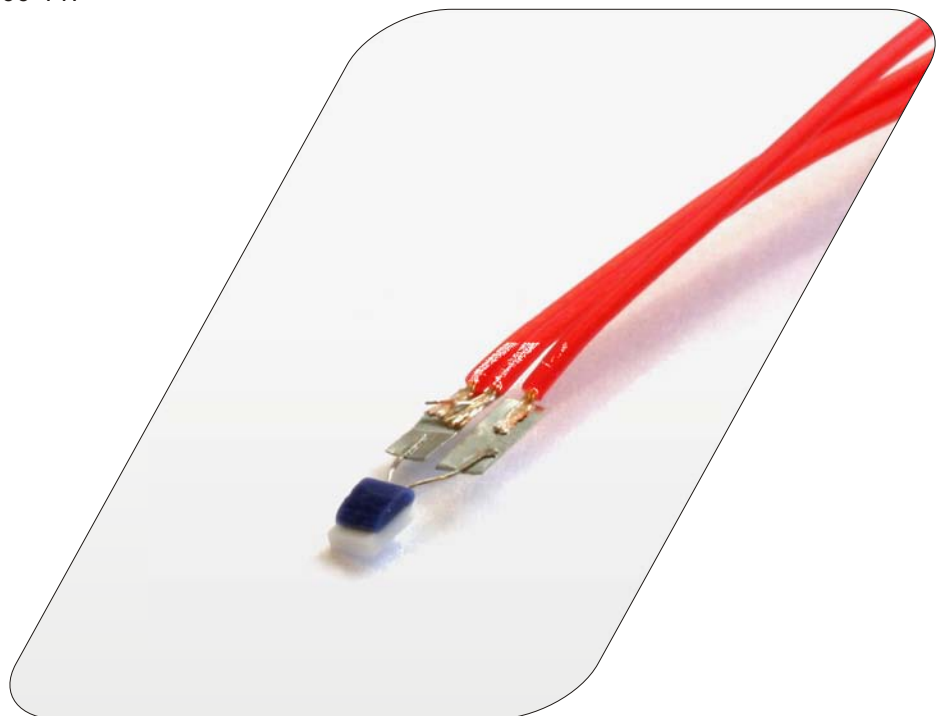

Circuit type: 3-wire connection

Conformity: RoHS

Order information

Part no.: 25230

Description: UETF-PT100-147

Specifications subject to change without notice. Dimensions in millimeters. date: 03/2012
